Teacher preparation

Print and laminate cards

Equipment & resources

Matching Cards

Main activity

1. Hand out cards
2. Allow children to match them up – purpose, picture and name.

Variation: turn the cards upside down and play 'pairs'. Flip over 2 at a time until a pair is achieved. Can be done by turning 3 at a time when children are proficient.

Axe Head

Most generally used tool. Can also be used to harvest crops if fastened to wood.

Activity: Tools of the Trade

Axe Head

Most generally used tool. Can also be used to harvest crops if fastened to wood.

Needle

For stitching hides.

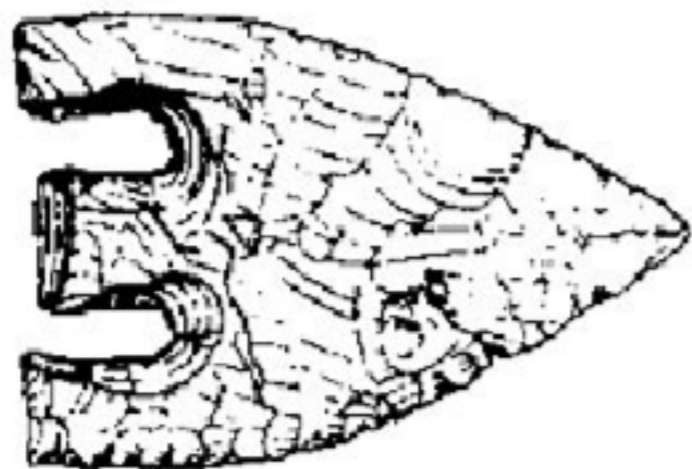

Scraper

For preparing animal skins for clothes.

Bone Point

For throwing at animals when hunting.

Arrow Head

For using with a bow.

Burin

This artefact was used for carving bone, antler, or wood.

Activity: Tools of the Trade

Clovis Point

This artefact was used for killing mammoths and other large animals.

Harpoon Head

Attached to long wooden poles and also used for hunting large marine animals.

Dirk

A hand-held dagger for hunting or fighting.

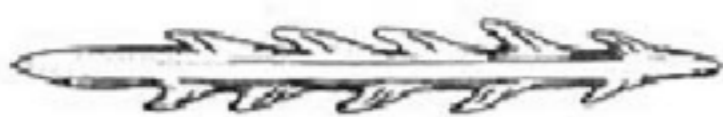

Awl

For shredding plant fibres to make thread and fishing nets, and to punch holes in leather and wood.

Saw-edged flint knife

Used as a tool and for preparing food.

Antler Harpoon

For hunting large marine animals.
