

Pond creature investigation

Choose one pond creature to investigate

Sketch the creature you have chosen	Where did you see it? (on a plant, near the edge, swimming, on the surface?)	
	How many legs does it have?	Does it have wings?
How big is it?	How does it breathe? (eg. does it come to the surface to get air?)	
What colour is it?	How does it move?	
What do you think it eats?	Identify and name your creature.
